

Forum Acusticum 2026

Tuesday, 8 September 2026 - Saturday, 12 September 2026

Scientific Programme

A01 Active Control of Sound and Vibration

A02 Bio-acoustics

A03 Building Acoustics

A04 Education, Public Outreach and History in Acoustics

A05 Environmental Acoustics

A06 Electro-Acoustics

A07 Flow Acoustics

A08 Industrial, Machinery, Equipment Noise and Vibration

A09 Machine learning and artificial intelligence in acoustics

A10 Materials and Metamaterials

A11 Musical Acoustics

A12 Numerical, Computational, and Theoretical Acoustics

A13 Physical Acoustics and Ultrasound

A14 Physiological Acoustics and Audiology

A15 Psychoacoustics

A16 Room Acoustics

A17 Signal Processing

A18 Soundscape, Environmental Quality, Health and Well-being

A19 Product Sound Quality and Sound-Driven Design

A20 Speech

A21 Transportation Noise and Vibration

A22 Underwater Acoustics

A23 Vibro-Acoustics

A24 Virtual Acoustics
